Excellence our goal

KNOWLEDGE IS POWER

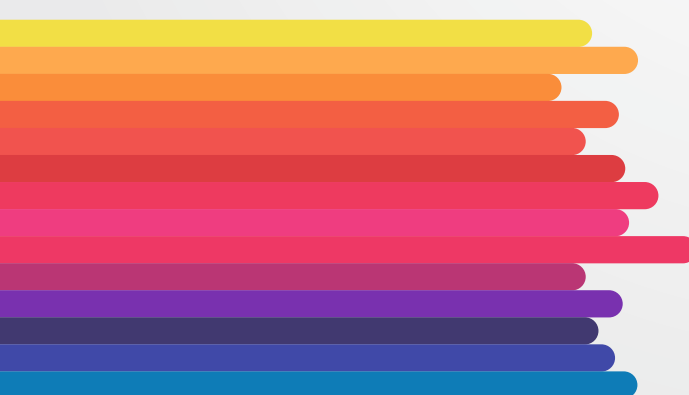

OUR PROGRAM

The Rath family, founders of J M Rath English School & Junior College, Roha, strongly believe that, a child without holistic education is like a bird without wings.

In the words of Nelson Mandela, “Education is the most powerful weapon we can use to change the world”. This resonates with the vision and motto of JMRES, “Knowledge is Power”.

With a modest start of only 40 children, JMRES stands tall with more than 1500 children under its banner. Today, it is recognized as one of the best schools in Raigad district with faculty and facilities that impart quality education and empower students to compete shoulder-to-shoulder with their counterparts globally.

Our culture is defined by connectedness, motivation and positivity of our students, staff and parents. It is a culture that fosters and encourages hard work, competence,

ownership and team work. All of these when experienced together enable students to achieve their personal bests.

A disciplined environment helps our student to focus on what is important- academic excellence. At the same time we understand that a well-rounded personality is of utmost importance. To that end, we offer many extra-curricular activities to help our students explore the possibilities in the world around them

The need for today is a holistic approach to learning and teaching. The concept of a child centred curriculum, to promote independent learning, to develop problem solving and critical thinking skills, imparting knowledge, teaching them life skills, making choices, understanding compassion and the incredible joy in offering children different ways of perceiving the world is a reality in JMRES.

The school strives to provide each child with a far-reaching holistic growth through a well-planned curriculum. Our academic results have always been excellent and every year our students make us proud by acing the state board exams.
